From the Principal

School overview

Burnett State College is a progressive coeducational learning institution, providing quality education and training for over 220 rural students in Years 8 to 12. Considered one of the best rural secondary centres in Queensland, the College is situated in the North Burnett region, west of Maryborough and Bundaberg and predominately services the three main centres of Gayndah, Biggenden and Mundubbera, as well as a cluster of surrounding smaller rural communities and as of 1 July 2010 forms the southernmost perimeter of the newly formed Central Queensland Region. The college has a long time reputation as a school offering a personal environment with a futuristic approach to learning, where students can grow with confidence and develop leadership and values that will apply to all aspects of life beyond school. In the junior school, years 8 and 9 and years 7, 8 and 9 in 2015, the students will experience both an elective and core curriculum that prepares them well for the stepping stone into senior studies in the future. The senior school, years 10, 11 and 12, the students enjoy a focused curriculum that provides pathways to future study, full time employment or numerous trainee or apprenticeships. An emphasis is placed on digital Innovation and a culture where skills and knowledge are developed and encouraged so students are ready for the global world in which we live. Our student results, in comparison to Like Schools have rated among the very best in Queensland, with 98% of the graduating students achieving one or more exiting qualifications. The school positions itself as a high achieving academic school and one that reinforces a belief that students in all communities, large or small, have access to the very best opportunities for education and training. As a Registered Training Organisation, a partner with Wide Bay TAFE and a leader in the delivery of Vocational Education and Training, the college boasts a very high post-school placement into employment as well as a high percentage of OP eligible students receiving offers of QTAC placements. Through programs such as School Wide Positive Behaviour Support (SWPBS) and Social and Emotional Learning (SEL), the college continues to successfully create an atmosphere and expectation of confidence in the wider community circles. Morale remains extremely high with the 2012 School Opinion Survey showing staff satisfaction at 100% and community values positively enhanced through such measures as the popularity of the Open Roads Learning Support Centre where students can receive added assistance with Literacy and Numeracy, as well as support with behavioural correction and various social issues and the take-home computer laptop program, which allows rural students to stay in contact with staff 24 hours a day if required. With an anticipated 13% growth in student population next year, the college is proving to be a popular choice for students to get a disciplined and quality education. Burnett State College continues to be a receptor of great community pride, led by the guiding question: Is this project, initiative, issue, or challenge maximising the potential of our students, teachers, staff and the community? This links directly to our school vision of 'Valuing Our Future - Maximising Potential'.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Short suspensions – 1 to 10 days	46	74	41
Long suspensions – 11 to 20 days	3	2	2
Exclusions	1	1	0
Cancellations of enrolment	1	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	103,206	116,485	153,802
Water (kL)		1,927	6,630

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

Professional development

Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.

1. The apparent retention rate for Year 10 to Year 12 = the number of full time students in Year 12 expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).
2. *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

Student destinations

The Queensland Department of Education conducts [annual surveys](#) that capture information about the journey of early school leavers and Year 12 leavers from school to further study and employment.

Early school leavers

The destinations of young people who left this school in Year 10, 11 or before completing Year 12 are described below.

Schools work closely with a range of external agencies to support students who left school early.

Our Principal, Deputy Principal, Regional Transitions Officer or Guidance Officer liaises with early school leavers and their parents, providing a service 'beyond the school gate' to assist early leavers make a successful transition to other educational pursuits or employment.

Next Step — Post-school destinations

The results of the 2020 Next Step post-school destinations survey, *Next Step – Post-School Destinations* report (information about students who completed Year 12 in 2019), will be uploaded to this school's website in September 2020.

To maintain privacy and confidentiality of individuals, schools with fewer than five responses will not have a report available.

This school's report will be available at <https://burnettsc.eq.edu.au>.
